

REMEDY

SHUTTLE 14

ADVANCED BIOSTIMULANT COMPLEX

EXCELLENT SOURCE OF PLANT HORMONES: CYTOKINENS, AUXINS, GIBBERELLINS
AND BETAINES / HIGHLY BIOAVAILABLE HUMIC ACID / INCREASES PLANT STRESS
TOLERANCE / PROMOTES STRONGER LEAF AND STEM FORMATION
IMPROVES NUTRIENT UPTAKE / INCREASES CATION EXCHANGE CAPACITY (CEC)
NON-PHYTOTOXIC

Remedy is a balanced biostimulant and nutrient blend engineered to rapidly improve plant health and soil quality. Remedy was formulated and optimized specifically for use on fine turf such as: golf course greens, tees, and sports fields.

Remedy leverages multiple technologies and methods of action to ensure excellent performance and improve several areas relating to plant and soil health:

The highly bioavailable humic acid contained in Remedy increases cation exchange capacity for dramatically improved nutrient uptake, while potent biostimulants encourage root growth and stronger cell wall formation. Additionally, soil structure balance is also improved by increased microbial populations (especially Mycorrhiza) which aides in thatch decomposition, all whilst chelated iron promotes rapid green up.

CATEGORY	RATE	WATER VOLUME	TIMING
GOLF COURSES & SPORTS TURF	3 OUNCES PER 1,000 SQ. FT.	2 TO 4 GALLONS	MONTHLY

CONTAINS:

Humic Acids	10%
Organic Seaweed Extract	5%
Iron (Fe)	3.5%
Soil Surfactant Blend	30%
